

POLY SPILL PALLETS & DECKS

TEST REPORT

Model No.: All Models

SPP101\ SPP103\ SPP102\ SPP102H\ SPP104\ SPP401\ SPP001\ SPP013 (Ramp)

To: Shanghai Sysbel Industry & Technology Co., Ltd.

Term of Validity: From Jul. 21, 2016 to Jul.21, 2019

TEST CONTENT

The poly spill pallets ,decks and ramp (Model No.: SPP102\ SPP102H\ SPP104, SPP101\ SPP103\ SPP401 , SPP001\ SPP013) were designed with free of seams and mitted as representative of the SYSBEL product line. The examination shows that they are completely fully leak proof. Manufacturer's drawings and complete material specifications for products were kept in file.

1.1 The poly spill pallets ,decks and ramp are compliant with the standard EPA40 CFR264.175. According to the inspection, they are made of polyethylene (PE) material, which resists to UV, corrosions and most chemicals;

1.2 The poly spill pallets and decks take advantage of central load-bearing structure design, which maximizes their load capacity. In the examination for the handling capacity , the capacity of 600kg for SPP401 ;1500kg for SPP101 ;1500kg for SPP102 ; 2000kg for SPP102H; 2500kg for SPP103 and 3000kg for SPP104. The ramp(SPP001\ SPP013) is constructed by a seamless structure. Based on the loading test for the ramp, the ramp showed no deformation or loss of stability during or after the test.

1.3 It showed that the spill pallet grate's orange peel-pattern design could well protect slipping in slip resistance testing. The grates kept integrated during or after the load testing (mentioned in point 1.2)

1.4 In the test for containment capacities of poly spill pallets, it showed that the maximum containment capacity of the tested poly spill pallets individually : 21 Gal (81L) for SPP101, 32Gal (120L) for SPP102, 58Gal(220L) for SPP102H , 40Gal (150L) for SPP103, 68Gal (260L) for SPP104 ,11Gal(42L) for SPP401 .

1.5 The results of the examination and tests are satisfactory.

CONCLUSION

The poly spill pallets ,decks and ramp meet SYSBEL testing requirements . They were selected randomly from each series for testing , including SPP102 , SPP102H, SPP104 , SPP001,SPP013 , SPP101 ,SPP401,SPP103.
